Awards For Public Work

Street Committee Lets Contracts For Improvements Involving Big Expenditure

Contracts involving the expenditure of \$16,598 for local improvements were awarded by the council committee on streets and ways yesterday, and the successful bidders will begin work immediately. The first bids opened were for the improvement of 16th street from Commercial to Irving street, by grading, macadamizing, planking and cement sidewalks. Three bids were submitted for the work as follows that of W. A. Gooding being the lowest and consequently the successful one: W. A. Gooding, \$12,991; E. A. Gerding, \$13,075; C. G. Palmberg, \$13,122.50. From Commercial to Duane street the improvement will consist of plank sidewalks, etc., and from Duane to Irving the crushed rock will be used, and cement sidewalks laid. Mr. Gooding was enabled to bid so low by reason of the fact that he entered into a prior contract contingent on his getting the work with Marshall Bros., of Portland, to lay the cement sidewalks.

The tenders submitted for the Franklin avenue improvement were also three in number, C. G. Palmberg being awarded the contract for \$1,874. W. A. Gooding offered to do the work for \$4,305, and E. A. Gerding's bid was \$2,700. The specifications call for excavations, crushed rock, wooden sidewalks, plank inks. This is the improvement that was the subject of several petitions addressed to the council by abutting property owners asking for permission to construct cement sidewalks at their own expense. The contractor will have the privilege of letting sub-contracts to the abutting property owners who desire to improve. The Franklin avenue improvement extends from Ninth street to 12th.

Only two bids were tendered for the 4th street drain in Adairs. Contractors Palmberg and Gooding offered to do the work for \$239, and the tie was decided by the flip of a coin, Contractor Gooding calling the lucky side.

Certificate of approval was filed yesterday in the matter of the 51st and Birch street, Alderbrook, work. W. A. Gooding was the contractor, and the cost of the improvement is \$1,550. It consists of excavations and planking.

The original assessment for the latter improvement having been declared erroneous, the reassessment ordered by the city council at the last meeting was with the auditor and police judge yesterday.

FUNERAL OF FRED NORTON

AERIE OF EAGLES, THEIR MILITARY BAND AND BARTENDERS' UNION FOLLOW REMAINS TO GRAVE.

Followed to the graveside by the members of Astoria Aerie, No. 17, F. O. E., and the Bartenders' union, of which he was a member, the remains of the late Fred I. Norton were interred in Greenwood cemetery yesterday afternoon, funeral services being held at the undertaking parlors of W. C. A. Pohl. It is estimated that at least 150 members of the Eagles turned out, and the full strength of the Bartenders' union was represented. There were numerous wreaths and the coffin was banked with the floral tributes of the friends of the dead man. Rev. J. McCormack conducted the services, and Worthy President Herman Wise and Worthy Chaplain F. D. Winton performed the ritual of the Fraternal Order of Eagles at the indoor service and again at the cemetery.

The Eagles' Military band led the cortege, playing the dead march and the muffled drum rumbering a solemn dirge. From the undertaking parlors the procession moved to the dock, where the steamer Mayflower was boarded and the sad journey to Greenwood begun. The pall bearers were selected from the two lodges, three members from each officiating. Special hymns were sung, and the band played "Nearer My God to Thee."

Dead Body In the River

Decomposed Remains of Unknown Man Taken out of Water Near Clifton

The badly decomposed body of an unknown man was found floating in the river near Clifton yesterday. Coroner Pohl was notified and he went up and took possession of the remains, bringing them to this city last night. Owing to the lateness of the hour of arrival here the clothing was not examined, and the identity of the man has not yet been revealed.

The floater was discovered by W. A. Patterson. From the appearance of the exposed part, the head and hands, the body must have been in the water at least two weeks. The head was almost too far gone to give hope of identification, but it is probable that there will be something found in the pockets of the clothing that will lead to identification.

The body was clothed in overalls, lace shoes and a coat of dark material. The people of Clifton do not know of anybody who is missing, but it is reported that the strange disappearance of a man from Westport has been reported.

Coroner Pohl will investigate the case today.

DR. BAILEY'S SON DIES

PORT COLUMBIA PLUNGED IN GRIEF OVER SUDDEN DEATH OF ARMY SURGEON'S ONLY BOY.

Fort Columbia was plunged in grief yesterday afternoon over the sudden death of the only son of Dr. and Mrs. Bailey. The little fellow was about 12 years of age, and it is supposed that his death was due to tin poisoning. Dr. Bailey is the army surgeon stationed at Fort Columbia. The parents are prostrated with grief.

Undertaker Pohl was summoned to the fort. The body will be brought to this city today to be prepared for burial, after which it will be shipped to Seattle for interment.

Complete details of the sad case could not be obtained last night.

YOUNG BOY SHOT IN EYE

SON OF DR. ROBERT LIVINGSTONE OF PORTLAND SERIOUSLY INJURED AT GEARHART.

The young son of Dr. Robert Livingstone of Portland, was seriously injured yesterday at Gearhart by a small companion who fired a toy pistol at him, the shot penetrating one of the eyes. The little fellow was brought through the city yesterday en route to his home and it was stated that he was suffering severe pain. The boys were playing together when the accident occurred.

ALLEN STOCK COMPANY—Posters paper and patronage are three things in which every theatrical manager is vitally interested, and the best testimonial as to the popularity of a theater company is the size of the audiences. The state press has been very kindly disposed towards the Allen Stock Company on its tour, and they are credited with attracting large audiences. The company comes to Astoria on Sunday night, opening a week's engagement. The repertoire is entirely new, including scenery and costumes. The company will produce "Lost and Won," "Van the Virginian," "The Burglar" and a number of other plays. The company carries its own band and orchestra, and will be one of the regatta features.

Anti-Saloon League Move

Mass Meeting of Churches Called for Sunday Night to Discuss Matter

The first step towards the organization of a branch of the Oregon Anti-Saloon League in Astoria will be taken on Sunday night at a special union meeting to be held in the Methodist church. All of the denominational churches will take part, and efforts will be made to organize at the meeting.

Dr. G. L. Tutts, Ph. G., recently appointed superintendent of the Oregon Anti-Saloon League by the national league, will be the principal speaker at the meeting. An effort is also being made to hold a meeting of Pins on Saturday night at which the doctor will speak, and on Sunday morning he will probably preach in the Scandinavian-American Methodist church.

Dr. Tutts is authorized to present plans and methods to the mass meeting to organize local and county leagues. He is making a tour of the state in the interests of the movement.

PRICE OF ALASKA SALMON

TOOTHsome RED FISH REPORTED SELLING AT AN ADVANCE OF FIVE CENTS PER DOZEN.

It was reported yesterday that the price of Alaska red salmon jumped to one dollar a dozen. This probably means that there has been a scarcity in the Alaskan catch and in the run of sockeyes on the sound since the ruling price for the Alaska reds has been 50 to 55 cents.

The run of fish in the Columbia river continues about the same as the past five days but serving tides may increase the run for the remainder of the season.
